Supervision and Staffing Your Event:

It is important that one specific person be designated as leader for your group. This person should be the one maintaining communications between the camp management and their group. It is therefore essential that the designated leader be the first to arrive, be on site for the group's entire stay and be the last to depart.

Youth and children's groups (up to age 16) must be supervised by adults (18 years or older) one per eight campers. These adults (supervisors) must stay in the cabins with the students (campers).

The camp does not provide a lifeguard. We strongly recommend that each group using the waterfront, bring their own lifeguard (a person 18 years or older with a valid NLS certificate). The camp may require certain groups to have a qualified lifeguard to use the waterfront facilities.

Telephone

Cell coverage is Roger and Fido - Our office number is (250) 838-6645.

Pets Absolutely NO pets are to be brought on the property.

Firearms The use of firearms is prohibited on the property.

Alcohol and Smoking

The use of non-prescription drugs and alcohol are not permitted on the property. The designated site for smoking is the fire pit behind the lodge.

Climbing Wall, High Ropes Course and Zip Line

No one is to be on these areas without camp staff supervision.

Quiet Hours are from 11:00 pm to 7:00am.

Snowmobiles and ATV's

For noise and safety reasons the use of snowmobiles and ATVs is prohibited on the property.

Use of the Waterfront and Equipment

Because of the danger the waterfront brings, it is essential that someone be responsible for all who are swimming or boating 100% of the time. Storms come on the lake very quickly it is important that you insist that everyone get off the water at the first sign of bad weather. The motorboat is for emergencies only it is not to be used for recreation. The rental group's contact person is responsible to ensure that all waterfront equipment is being properly used and all boating equipment is properly stored and locked up after use.

Camp Maintenance

To keep the costs down, we ask that groups help in cleaning the facilities. This means keeping your own washrooms clean and picking up after yourself. In addition we require that the camp be left clean and tidy upon your departure. Detailed instructions of what is required will be given to your group's designated leader upon arrival at camp.

Health and First Aid

Gardom Lake Bible Camp does not have a nurse on staff. It is to your benefit to appoint a qualified person to administer first aid during your stay.

The camp has a basic first aid kit, we strongly recommend that each group bring a fully stocked first aid kit with common meds, e.g. acetaminophen, antihistamines, ect.

Hospitals and medical services can be found in Salmon Arm (16 km.) Salmon Arm Hospital... (250) 833-3600

A GLBC host will take a few minutes, at the earliest opportunity, to ensure each person is aware of the camp's procedures and guidelines.

Please be advised that the Camp Director has the right to dismiss anyone who fails to adhere to Camp Guidelines.
